### DUPR PICKLEBALL RATINGS

- 1.0-2.0** – A player who is just starting to play and have no other sports background.
- 2.5** – A player who has limited experience and can sustain a short rally.
- 3.0** – A player who understands the fundamentals as well as court positioning.
- 3.5** – A player who knows the differences between the hard and soft game. This person also moves quickly to the non-volley zone and also understands the benefits of “stacking.”
- 4.0** – A player is able to identify and attack weaknesses from the other team. This player is also aware of their partner’s position on the court and is able to move as a team with their partner.
- 4.5** – A player understands strategy, has good footwork, can communicate well, and move efficiently with their partner.
- 5.0** – This is the highest pickleball rating and is for a person who has mastered strategy and can easily play a fast or slow game.

**Each rating also comes with a set of skills that require proficiency to move up.**
